This is a remix of the great [battery holder](#) by [@dhiltonp](#). I've moved the slots and adjusted them to be 2 slots for CR20XX batteries and 2 slots for LR44/SR44/other 11.5mm diameter batteries.

Gridfinity is a project by [Zack Freedman](#), check it out!

This remix is based on

Gridfinity Battery Box: CR2032/CR2016, 357/303/SR44 and A23/MN21/AAA slots
